TOUR OF ROMANIA '25

10-14 SEPTEMBER

TOUR OF ROMANIA IS MORE THAN JUST A RACE

When you say September, you say cycling in Romania – because the Tour of Romania is back on the road!

This year, the cycling caravan will arrive in Slobozia for the very first time, and return to cities like Craiova – where it hasn't been in almost 20 years – as well as Râmnicu Vâlcea, Pitești, Brașov, and Buzău.

Our goal is to bring teams from all over the world and turn this race into an international reference point for road cycling in Eastern Europe. We want to grow step by step – next year we hope to add another stage and bring the event back to, or even beyond, the scale it once had, when it was known as the 'Little Loop.'

We haven't forgotten about everyday cycling either. This edition includes four races for kids and three for amateur adults, and we're looking forward to fans lining the roads to cheer the riders on. Romanians abroad will feel their hearts race as they watch the live coverage on Prima Sport and recognize the places the caravan passes through, while foreign viewers will discover new destinations to visit.

One thing is certain: the Tour of Romania is more than just a race – it's an investment in the future of cycling in our country, and also a showcase of Romania's traditions, history, and values. A big thank you to everyone helping us make this happen!

Cătălin Sprînceană,
President of the Romanian Cycling Federation

WELCOME TO MY HOMETOWN!

It is a great joy and a distinct honor to be part of this event and to support the Romanian Cycling Federation – not only through financial resources, but also through our presence and direct involvement.

The Romanian Cycling Federation is an example of professionalism and perseverance: a federation that has grown year after year and that proudly carries Romania's name across Europe and around the world.

I wish all the athletes the best of success and I assure them that the National Agency for Sport will always stand by Romanian cycling, with all the strength and determination to support performance.

For me, this year's edition also has a special meaning: the Tour of Romania will pass through my hometown, Vâlcea. It is a unique emotion and an additional reason for pride.

I will end with a simple yet powerful thought:

Go, Romania!

Bogdan-Constantin Matei,
President of the National Sports Agency

A PROMISE FOR A BETTER FUTURE

For Auchan, our involvement in the Tour of Romania goes far beyond a partnership – it is a long-term commitment to a shared mission: to support performance, to encourage an active lifestyle, and to promote Romania at its true value. In this endeavor, we are joined by partners and suppliers who share our vision, and to whom we are deeply grateful for their continued support. We are pleased to have stood by the Romanian Cycling Federation in every edition so far, building together a project that has grown year by year, becoming a landmark in the country's sporting and cultural landscape. The Tour is not just about cycling – it is about communities, about movement, about the connection between people and the spaces they inhabit.

We are honored to contribute to a project that unites Romania not only geographically but also through teamwork and involvement, from north to south and from west to east. Every kilometer traveled by the cyclists is a promise of a more active, healthier, and more united future – a promise Auchan will continue to believe in and invest in.

AN INVITATION TO DISCOVER

The Tour of Romania is more than just a sporting competition – it is a yellow thread that stitches together cities and villages, mountains and plains, people and emotions. Every time the cyclists set off on their journey, Romania breathes differently – with rhythm, with spirit, with hope. For us at Auchan, the Tour is an invitation to discover: a journey through a country full of natural beauty and cultural richness, as well as a collective energy that transcends sport. It is one of the most authentic ways to tell the story of a living country – one that moves, dreams, and above all, inspires.

We are proud to be part of this beautiful story, alongside the Romanian Cycling Federation and all the involved partners. We sincerely thank all local authorities and public institutions who mobilized and contributed, through sustained efforts, to the organization of a spectacular edition. Their support turns every stop along the route into a memorable event, every town into a vibrant stage, and every local resident into a passionate supporter. Ultimately, the Tour of Romania is a symbol of cooperation, belonging, and the belief that together we can build not just a competition, but a true benchmark for today's Romania.

The Tour of Romania is our collective calling card. We are grateful for every bit of help and involvement, and for the trust of all those who pedaled for hours and days with dedication, enthusiasm, and the joy of leaving behind a story worth passing on.

VISIT
CRAIOVA

The first day of the race starts from Craiova, known for its famous Christmas Market, for its colorful and gorgeous parks and astonishing beautiful old buildings.

With a history dating back to antiquity, Craiova has been officially documented since 1475 and became the capital of Wallachia in 1770.

Celebrated for its second most beautiful Christmas markets in Europe, Craiova welcomes you all year round with a good vibe and fascinating traditions.

You will be impressed by the variety of architectural monuments and urban artworks, and awestruck at the beauty of its public gardens, where flowers create works of art and artists give life to beloved fairytale characters for children to play amongst.

Our museums reveal ancient traditions (Casa Băniei), the largest collection of works by Constantin Brâncuși (Museum of Art) or the 30,000-year-old skull of a woman (Museum of Oltenia), which attests to the existence of one of the oldest human settlements in the area.

Craiova is a huge open-air art gallery, with murals from the La Belle Epoque period and beautiful pedestrian historical center, full of chic terraces.

It is the city that creates moments of magic at the Christmas Fair and makes you live intensely at any event throughout the year: the Puppets Occupy Street Festival, IntenCity, the International Shakespeare Festival, the Easter Fair etc.

Only in Craiova you can practice any type of sport at the Polyvalent Hall, on the Ion Oblemenco Football Stadium, Athletics Stadium, to the Water Park, in Romanescu Park or at the skateboarding courts in Fantasy Park.

Tourist attractions

Craiova – The Heart of Oltenia, where history meets modernity

Craiova was an important fortress during the Middle Ages and the administrative center of Bănia Oltenia, with an essential role in the development of Romanian education and culture in the 19th century.

The first covered velodrome in Romania is being built in Craiova, part of a modern sports complex with over 8,000 seats, which will host international cycling and athletics competitions. Works began in the summer of 2024, and the project is due to be completed in 2027. The project is unique in Europe and is equally aimed at individual and team sports.

Horezu – symbol of Romanian ceramics

The town of Horezu, Vâlcea County, located at the foot of the Căpățânii Mountains, is recognized nationally and internationally as the heart of traditional Romanian ceramics. Here, the craft of pottery has been passed down from generation to generation, becoming a living emblem of Romanian folk culture. In 2012, Horezu ceramics were included in the UNESCO Intangible Cultural Heritage, being recognized as an authentic form of folk art.

Govora Baths – Clean air and healing waters

Located in Vâlcea County, in a picturesque natural setting, the Băile Govora resort is one of the most famous and appreciated spa resorts in Romania, renowned for its clean air and mineral waters with special therapeutic properties. The resort developed starting at the end of the 19th century, when iodinated, brominated and sulfurous mineral springs were discovered.

Judetul Vâlcea, inima verde a Olteniei, este așezat între munți și dealuri, scăldat de ape repezi și binecuvântat cu liniște sufletească, este o destinație care atinge toate simțurile. Aici, timpul iti permite să respiri aer curat, să asculți șoapta pădurilor și să redescoperi tihna locurilor cu adevărat autentice.

Vâlcea este ținutul mănăstirilor vechi, al bisericilor de lemn și al izvoarelor tămăduitoare. De la ctitorii domnești precum Mănăstirea Cozia, la ascunzișurile de suflet din inima munților, cum este Mănăstirea Pătrunsa, spiritualitatea este pretutindeni. Valea Oltului, cu ale sale peisaje spectaculoase și stațiuni balneare precum Călimănești-Căciulata, oferă relaxare și vindecare în același timp.

Munții Lotrului și Parângului te invită la drumeții, iar lacurile montane Vidra, Brădișor, Petrimanu, Galbenu, îți taie respirația prin peisajele lor sălbatice și pure. Valea Latoriței, o bijuterie ascunsă între stânci și păduri, pare desprinsă dintr-o poveste nespusă.

Satul românesc este viu în Vâlcea – de la Vaideeni, cu tradiții păstorești păstrate cu sfințenie, la Horezu, capitala ceramicii românești, unde meșteșugul devine artă. Festivaluri, târguri de produse locale, oameni calzi și ospitalieri – toate completează tabloul unui județ care îți atinge sufletul.

Vâlcea nu e doar o destinație, ci o stare de spirit. O chemare spre rădăcini, natură și simplitate. Un loc în care îți vei dori să revii, de fiecare dată, cu inima deschisă.

STAGE ROUTE

STAGE 2

PITEȘTI – PASUL DICHIU

THURSDAY, SEPTEMBER 11TH

171.6 KM

START TIME: 09:50, FINISH TIME: 14:10

From the fragrant orchards of Voinești and the healing waters of Pucioasa, the road climbs to Pasul Dichiu – a legendary ascent in the Bucegi Mountains. With challenging gradients, tight switchbacks, and breathtaking views, the Stage 3 is where the true climbers of the Tour will emerge!

Tourist attractions

Voinești – The heart of the orchards in Dâmbovița

Voinești is a true corner of heaven for lovers of nature, tradition and tasty fruits and it is recognized nationally as one of the most important fruit-growing areas in Romania. The hilly relief, fertile soil and mild climate create ideal conditions for growing fruit trees, especially apples, but also plums, pears and cherries. The Voinești apple, the symbol of the region, is sought after both on the domestic and international markets, due to its intense aroma and crunchy texture.

Pucioasa Spa Resort – Source of health and relaxation

Pucioasa is a spa resort known for its clean air, picturesque setting and especially for its sulfurous mineral waters, with remarkable therapeutic effects. The name of the resort comes from "pucioasă" – a popular term for sulfur, an element present in the composition of the mineral waters in the area, which have been used for over a century to treat various conditions.

Bucegi Massif – The Land of Legends and Grandiose Nature

Located in the heart of the Southern Carpathians, the Bucegi Massif is one of the most spectacular and visited mountain ranges in Romania. They impress with their lofty peaks, high plateau, unique rock formations and breathtaking landscapes. The most famous area is the Bucegi Plateau, where nature has created true works of art in stone: the Sphinx and the Babele, rocks shaped by wind and rain, shrouded in mystery and legends. Omu Peak, the highest in the massif, reaches 2,505m and is one of the most accessible peaks over 2,500m in Romania.

Tourist attractions

The Black Church – Gothic symbol of Brașov

Located in the heart of the historic center of Brașov, the Black Church is the most imposing Gothic-style religious building in Romania and one of the most representative monuments of medieval architecture in southeastern Europe. Construction of the church began in the 14th century, around 1383, and was initially known as the Church of Saint Mary. The current name – the Black Church – comes from the 17th century, after the great fire of 1689 that severely affected the city of Brașov, turning the church's walls black. Today, the Black Church is not only an active place of worship, but also a tourist attraction of great value, visited annually by hundreds of thousands of tourists from all over the world, attracted by its fascinating history, monumental architecture and unique atmosphere.

Siriu Lake – perfect balance between relaxation and adventure, between tranquility and wild nature

Siriu Lake is a spectacular reservoir located in Buzău County, formed on Buzău River by the construction of the Siriu Dam. The lake impresses with its wild beauty and the tranquility that surrounds it. The dam, built between 1982 and 1994, is a clay core dam, being one of the largest of its kind in Romania. The area is ideal for hiking, fishing, boating or simply relaxing in the middle of nature. The fairytale landscapes attract tourists in any season, and in winter, when the forests are covered in snow, Siriu Lake takes on a special charm. Also nearby are the Pruncea Waterfall and the "Focul Viu" Natural Reserve, attractions that perfectly complement a trip to this picturesque area.

Cosâmbești

Comuna Cosâmbești,
la cca. 5 km de Municipiul Slobozia.

Conacul BOLOMEY

Este înconjurat de un parc și o grădină, ceea ce îi conferă o atmosferă de liniște și rafinament, specifică marilor moșii ale vremii.

În anul 2024 Consiliul Județean Ialomița a finalizat restaurarea conacului și a anexei printr-un proiect cu finanțare europeană și a redat publicului acest monument arhitectural de importanță istorică.

Construit în anul 1898 de o echipă de meșteri italieni, conacul este o clădire impunătoare, cu un stil arhitectural ce combină influențe ale arhitecturii neoromânești și tradiționalismului boieresc al acelei perioade.

Dacă te oprești și asculți în liniștea de la Cosâmbești, vei simți adierea unei povești vechi. Vei înțelege că, în fiecare piatră , în fiecare fereastră cu iz de vreme trecută, se află o fărâmă din istoria unui loc care, cu siguranță, a fost cândva plin de viață, de râsete și de vise nespuse.
Conacul Bolomey rămâne o mărturie a unei lumi de mult apuse, dar încă vie în amintirile celor care încă mai pășesc pe urmele pașilor boierilor de odinioară.

The new bridge over the Danube in Brăila – a symbol of the progress of Romanian engineering

The new bridge over the Danube in Brăila is one of the most impressive infrastructure constructions in Romania in recent decades. Officially inaugurated in 2023, the bridge connects the counties of Brăila and Tulcea, facilitating the connection between Muntenia and Dobrogea, in an area where crossing the river was possible until recently only by ferry. The bridge has a total length of approximately 2 kilometers and is the third longest suspension bridge in Europe, with a central span of 1,120 meters. It is designed to support both road traffic and bicycle paths and pedestrian sidewalks, which makes it an object of interest not only for transport, but also for tourism and recreation. Its construction was carried out through international collaboration and involved modern, state-of-the-art technologies, being designed to withstand extreme weather conditions and heavy traffic.

START TIME: 09:50 , FINISH TIME: 14:10

Bărăgan Plain – the granary of Romania

The Bărăgan Plain, is one of the largest and most fertile plain regions in the country. It is known for its vast, unobstructed landscapes and its essential role in Romanian agriculture. In addition to its agricultural and natural aspect, the Bărăgan also carries a historical and symbolic charge. During the communist period, the region was used as a place of deportation for thousands of people considered "undesirable" by the totalitarian regime. This dark page in history is remembered today through memorials and testimonies of those who went through those difficult times.

DÂMBOVIȚA

Dâmbovița este gazda unui patrimoniu natural și cultural bogat și unic prin trăsăturile și componentele sale, ceea ce o recomandă ca destinație ideală atât pentru iubitorii de istorie și arhitectură, cât și pentru iubitorii de natură. Harta turistică a județului Dâmbovița prezintă o carte de identitate deosebită: Târgoviștea – cu salba de monumente care mărturisesc că istoria Țării Românești s-a scris mai bine de 300 de ani cu Târgoviștea în calitate de capitală a sa, orașul Pucioasa – ca stațiune balneară de interes național, comuna Potlogi – cu Palatul Brâncovenesc, reședință de o inestimabilă valoare arhitectonică, istorică și culturală, precum și zona muntoasă din partea de nord a județului-gazdă a unei importante părți a Parcului Natural Bucegi și a Stațiunii turistice de interes național Peștera-Padina, cărora li se adaugă pitorescul văilor Dâmboviței și Ialomiței, precum și frumusețea masivelor Leaota și Bucegi.

JUDEȚUL DÂMBOVIȚA

Reședința județului este municipiul Târgoviște, care a fost capitala Țării Românești în perioada medievală. Târgovişte a devenit, încă din a doua jumătate a secolului al XIV-lea, curte domnească secundară, iar din primul deceniu al secolului al XV-lea reședință principală a Țării Românești. Din acest început de veac, curtea de pe valea Ialomiței, potențată în evoluția sa de importante activități comerciale, precum și de anumite circumstanțe politico-militare, a devenit, în scurt timp, principala reședință a suveranilor Țării Românești, curte care și-a păstrat funcțiile, cu unele intermitențe, până în prima jumătate a secolului al XVII-lea.

The Palace of Parliament – the colossus in the heart of the capital

The Palace of the Parliament in Bucharest (known before the 1989 revolution as the House of the Republic or the People's House), measures 270 m by 240 m, 84 m high, and 92 m underground in the spirit of socialist realist architecture. It has 9 levels above ground and another 9 underground. According to the World Records Academy, the Palace of the Parliament is the third largest administrative building for civilian use by area in the world, the most expensive administrative building in the world, and the heaviest building in the world. The Palace of the Parliament building is located in the central part of Bucharest (sector 5), on what is today called Arsenal Hill.

Victoria Palace – architectural and historical landmark in the Bucharest landscape

Victoria Palace is one of the most important administrative buildings in Romania, located in Victoriei Square in Bucharest, a central hub of the capital. Built in the neoclassical style, the palace impresses with its sober elegance and its essential role in the political life of the country, being the seat of the Romanian Government. The building was designed by the renowned architect Duiliu Marcu in the 1930s, and construction work began in 1937. Initially, Victoria Palace was intended to house the Ministry of Foreign Affairs, but after World War II it became the residence of the Council of Ministers, and later it was transformed into the seat of the Government.

TURUL ROMÂNIEI

Ai grijă de dinții cățelului tău?

Știai?

- Cățeii iubesc să exploreze lumea cu ajutorul gurii, așa că este important să avem grijă de dinții lor
- Respirația urât mirositoare nu este normală
- Problemele gingivale sunt dureroase, iar cățeii știu să își ascundă durerea
- Smalțul dinților cățeilor este mult mai subțire ca cel al oamenilor și se deteriorează ușor
- Periajul zilnic al dinților este cel mai bun mod de a îngriji dinții cățelului tău

Pentru un ghid practic de îngrijire a dinților cățelului tău, dar și informații suplimentare despre PEDIGREE® DENTASTIX™ Oral Care, te rugăm să vizitezi:
